Oh, a super model!
Sis, do you have spare time ?
Ugly ones are always picky.
With a face like yours, she's more than good for you.
She's my type.
Not bad.

Hey, you look not bad..
Are you a student ?
Since you are wearing
a casual suit at this
hour, you are probably not.
You ... sure
have some
volume.
I take this
as declaring
a duel ?

JS
Her appearance was above average
So thought she was a puppet jjang
After fighting her was lucky to end up with minor wounds
Even three or four of my level would have a hard time fighting her
So
es it was not false information
Seonbae Senior
Seonbae ?!
Damn it !!

This is a big embarrassment Who the hell sold me out and even information about me ?
It's probably the witness she was talking about
You are probably right jeong
This is just too big of embarrassment I am too ashamed to even raise my face in this field anymore
Anyway I will have to ask for support from seonbae It was him who got me into all this after all

Who

You dared to touch
my precious doll
So you have to pay
for what you've done
But I don't want
to waste power
and money on
some coward
So I will take both of
your arms

아
아아
앗

Ha Ji !
Come on out !
We have to
go to school !

You look pleasant
I feared you'd have
been bombarded
for whole night
Does she realize that
she is a mother of 3
children ?!
Why does she set
a rule if she is going
to break it herself ?!
She is such a dictator
That cursed old woman
came home drunk at 1 /

Get on
This is your first day. You shouldn't be late
Running is going to be faster than riding that piece of junk
Hey... I upgraded it with my whole monthly allowance
Does this really want to be buried or what?!
Jjang!
Wait for me!

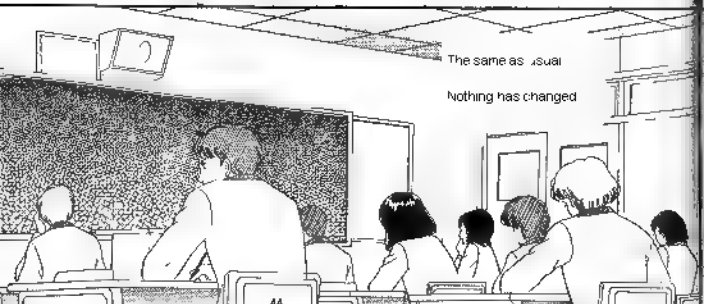
너 갈 때까지!

덜컹

Have the seats been already assigned Where is my seat
You can sit anywhere you want ma am
Yo kiddies Since we have to spend a year in this classroom let s get along well shall we
one year
want to transfer



The same as usual
Nothing has changed

But why is it so boring
How does it feel like to be left back in the same grade

In Korea one's second means a secret mistress

Argh
Does it still hurt
The bastard hit me with a metal pipe
should have included one of his leg
What
Nothing you look like you got taller
Maybe 2cm or so won't probably grow anymore

JS
You've become quite disgusting lately
Do you realize that you've changed
What's with you provoking me
I lost memories of half a year
Of course I changed somewhat
Even though I was in coma for what 4 months how could I lose memories of one month
It doesn't matter
Yeah it's probably no big deal
I was released and then got into another accident that's what happened

seem to have forgotten something important
Some part of my memory has gone like it s been erased
It s irritating me because I feel like it s something I must have not forgotten

トン
see
don't like
such eves

Do you wanna die
Han Seo Jang ?
You $#@!

Do you even
have the skill
to kill me ?
ㅈㅏㅇㅏㅏ

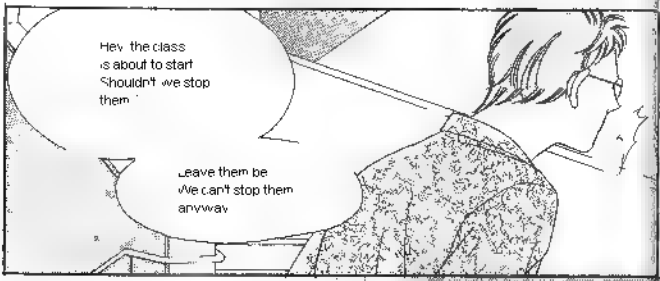
Come to think of it
It s been sometime since I tamed you
Are you trying to tell me it s the time again

you should be more
careful of your body
you are getting fat

Everyone
clear this area
Han Seo and
Ha Ri are fighting
everyone
move move
Gozilla and
King Kong are
fighting !

ドカ

They are serious
What has gotten into them
I don't know
When they fight they go on until one of them is passed out It's really a rough way to ensure their affection toward each other



Hey the class is about to start Shouldn't we stop them
Leave them be We can't stop them anyway

Who is skipping the class to fight in the school ?!
TIO

JS
seem to have dust in my eye
Why did you even bother

헉!
헉!
헉!

휙!
휙!
your fists got tougher
was an evasive move all the time but your punches made echoes in my head
you too
you are much tougher in your real body
what

Damn it !

I told you not to make such a face !

How dare you kick me off guard !
Hey hey they are having a second round
Somebody is gonna need a coffin today
don't like this

양호실
don't like that face
so much that I want
to destroy the face
Bring it on
You can't
even move
your fingers

Curse me
Bring it on
You first
She is becoming a woman our jang

She is beginning to look like a woman lately Some guys from other school asked if she was our face-ijang
With a Ha Ii's face Hah they sure have no taste
You also realized That's why
Enough of crap Iveong Hyeop Na
She is already getting on my nerve as it is
think you should leave her freely think something is going on in her innerself

It also seems Hai li became a target
I've been searching around but no clue so far
And the jiang form De Shin high school is probably ordered by the someone He doesn't have guts to have done that alone
Even if you have to ask the secretary Nam find the route and find out who is behind all this
Where are you going
To meet Hai li
Then go to A-mart Hai li is going to be shopping there tonight
Quit joking I am going to ride my bike to get some fresh air
Roger

The food sucked It hurt my taste
These were for sampling and you ate em all And say what ?!
Another record
12 cups
came this far for this *
did not forget anything right ' Eggs bean curd
can so foresee tonight s menu

JS
トン
have to protect
have to protect this bag at all cost

THOK
ITTA
THOK
yeah, just hit me
No matter how hard you guys beat me, it won't be as painful as my mother hit me

You guys are really lucky if it weren't these food you'd be all dead by now
Get up
Is this really the Doberman Did we pick the wrong one
Yes yes You've got the wrong person So go
She is the one she may be faking So don't underestimate her I do know her face
Shit you with the mole I will remember you
It seems she can't fight because of the bag she is holding
It must be important
No no It's nothing important

Don't try to fool us
It must be really important
seeing you disguised it
with A-mart bag
Yeah It must be
a bag of money
or something
very valuable
No
It s more important
than my life
Get her
Ah !

Ha Ji !
What are these
Eggs and bean
burd
Search harder
There must be
something
have
some important
business
부르릉
JS

Where is the money
Confess before you beat crap out of you
Rolled eggs roasted bean curd soup
what
You've ruined my dinner menu !

That's like taking away milk from a hungry cat
Run
Don't be afraid there are 19 of us
Where do you think you are going ?! Get back here

better show after this don't want to get involved
Ha Ji Kang !

Argh
Are you awake now ?
ou've become weak How can you lose to those guys
I've been trying to find out who is behind all the events lately should get an answer soon

liang
Who are you

wish could say that
Oh man the bean curd is
all smashed up and the eggs
are all broken
f get home like this will be
no matter than the smashed
the bean curd
was thinking
did get amnesia because
of my mother
mean just thinking how
would get beaten up for
having to waste money to
pay the 5 month hospital bill
might have just escaped from
the reality
Why can't get
another luck
like that ?!
You look
just fine

You ruined the family's dinner and waste the money for the medical bill
And you look just fine
Shit
If you are an ordinary mother you would have worried about my wound first
Can't you see this bandage
And now you are standing against me

Since you are in a hospital
let's just get you hospitalized
So you are really going to do it ?!
I haven't attacked back
because of immorality
but you've gone too far
Ah ah
it's you
Iveong Hyeop
Come here
it's really entertaining
here
I see I am coming
right away

Spare us
We really don't know anything
We merely did what our gang ordered us to
am telling you the truth
They are scared enough to pee
They are not lying

Let's end this by getting rid of their gang
That won't end anything Someone on a much higher line is doing this
You
You weren't so bad at using the wooden bar
It was really nice

Your hand is very pretty.
끼끼끼
아니야

JS
You are overprotecting her
You are concentrating too much on someone who doesn't really need protection
The dumb girl will soon notice even though she seems to be missing a gear or two

It's not someone Hali can handle
He has way too much power in his hands
He has never used the power before But now he is strangling her with everything he has
Hali doesn't even stand a chance

see
that you
hurt someone
again
It s quite al right
you are a man f you have
to hurt someone to be able
to control them won't
stop you
However
do not kill them
believed that you could
handle death of three
or four
Was wrong about
you
Three or four
fine
But

Not the big ones
Avoid that at all cost
$#@!
He spread dough
around
Who are you
talking about

It's easy to manipulate people with no brains You either use force or money
But why does he keep using low class people If I were him I would have hired professionals It seems as if he is keeping a distance
As if waiting for litmus papger to react
Reaction

Are you testing my IQ or what? Can you tell me what is really going on?
하
He wanted my reaction so that he can be sure he picked the right one

Doesn't Seong Hak only scout students and doesn't accept applications
Why does a elite guy like him transfer to here and on the senior year
Is it a false rumor
Don't worry He was really the head of Seong Hak high school council
Did you see his face
a he looked like he was taken right off a magazine cover
Here he is
guess that the rumor was not exaggerated He actually looks better than what was told

Anah
ves
I understand you perfectly.
It isn't something you can pose like a noble and observe
It s much mroe than that
Even f was you would have done the same
But transferring to the same school

Head to head
that s what you
really wanted huh

Oh welcome welcome
the documents for
the transfer are
not fully done yet
I just couldn't believe
With your
grades you
are guaranteed
for Seoul Ini
If you need anything
just tell me
I will support you
in any way I can
Thanks but
I don't want
any special
treatment
Sure Sure
These days the smart
ones are mroe formal

You sure yawn a lot today
am hungry Let's get ourselves some cup noodles
Cup noodles
It's called "Ramyeon" or "Ramen"
Noodle contained in a plastic cup
got no dough
Oh ~
THE BANK OF KOREA
WON

That kind of cash has never been in your hands before
A dude who my big brother was giving private lessons had his grade up So he got a bonus He will be using it for drinks anyway So I stole it
You keep going this way and you will see the cafeteria Of course compared to Seong Hak it s very old
It s quite all right It s cozy
f you think positively will sure be glad
f you avoid few problematic students you can spend rather quite time

Long time no see
Han Seo Jang

don't know
how you know
him but you
should avoid
him

Did you forget how to walk
$#@!
You tripped my foot
See I told you You should just avoid them

es the
hospital
ou know the guy
who pretended to
know you
remember seeing
him in the hospital
when woke up
from coma
Wow I can remember
something
ou are holding the
ice-cream and you
did not eat it and
was trying to recall
who he was

Oops !
f he was going to this school why don't remember seeing him
You basically don't have the abilit y to remmeber people s face
But he had a face really liked f had met him before would have remembered
a face you really like
Not because he is handsome

You call that kind of face handsome?
Hmm... am not sure about that
His face just met all my likings that's all
Jh
guess can call that handsome

told you
that you forgot
how to walk

When I catch you, you are dead !
!@#$! Stop right there !
Wh what
They are on it again
Uwah -

When I catch you, you are dead !
!@#$! Stop right there !
Wh what
They are on it again
Uwah -

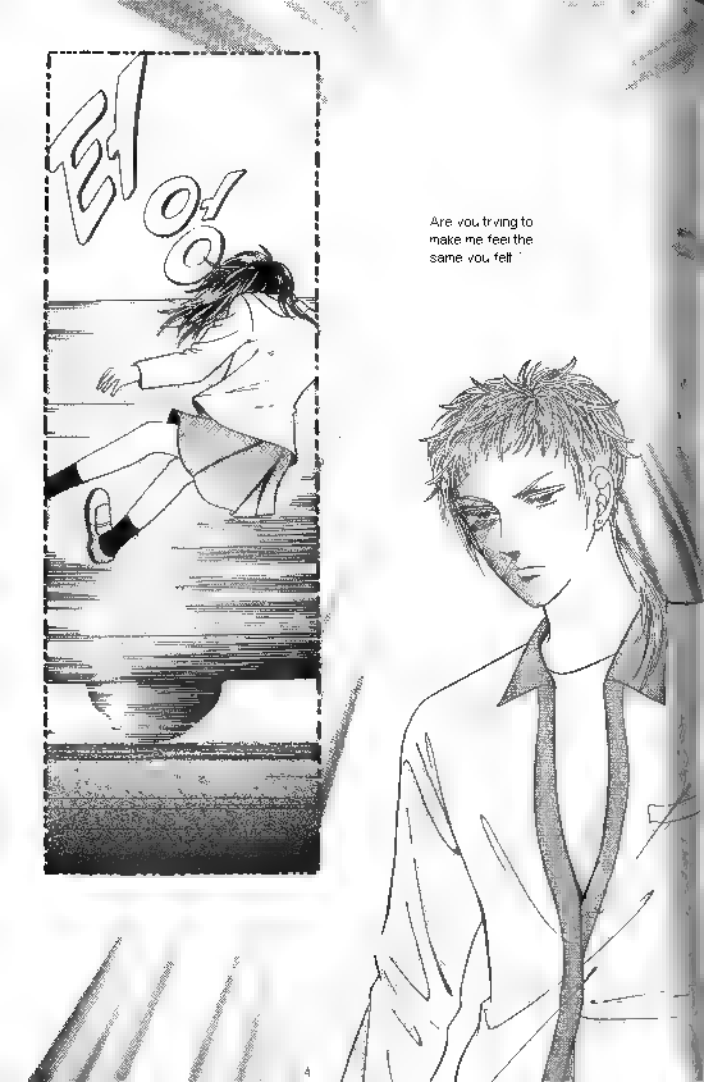
Are you
happy

am glad Han Seo Hang
You seem to be happy
am so glad that could
kneel down and kiss
your foot
You
seem to be
happy

Nice !

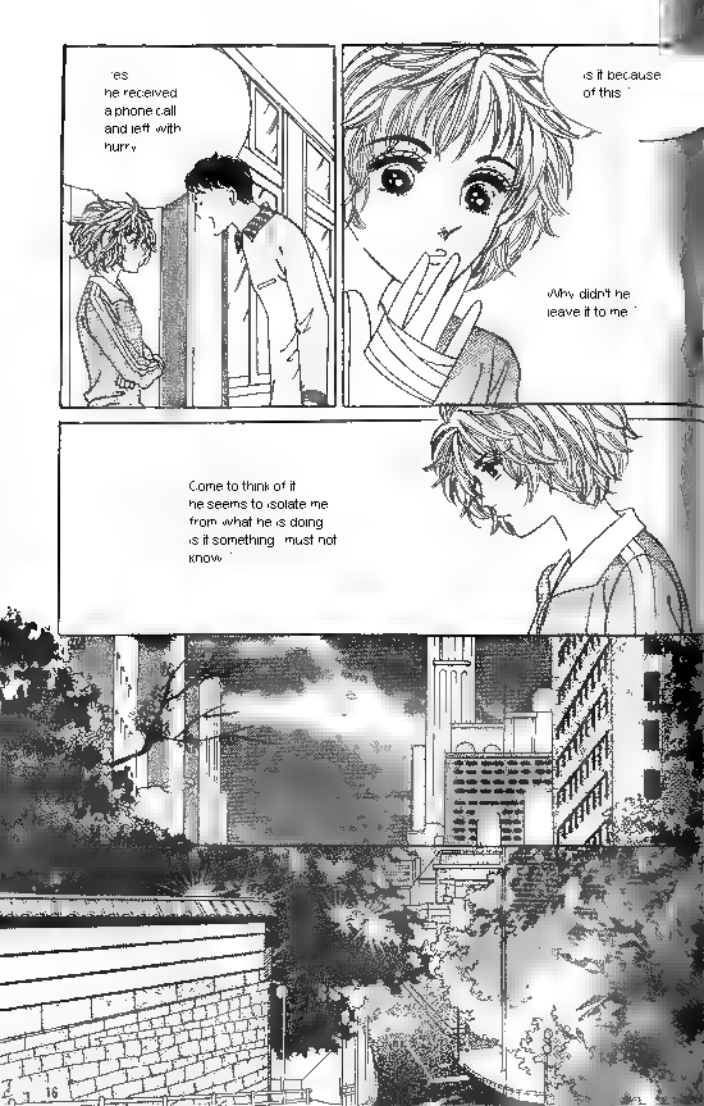
양호실
Maybe it's because you caught it by hand it did not hurt bad
Don't put your hand in water Ah well you would know better than me
By the way where did this dart come from These days they don't make darts with a sharp pin anymore
Hmm it looks like it's been specially designed
Why didn't you just dodge
thought it was a ball
헤헤

Yes
Sin Woo Park
it's going the
way you want
I felt like
my heart
was pumping
out of my
chest and
my blood was
being drained
from my veins
The same
sensation



Eh or
Are you trying to make me feel the same you felt

Secretary Nam
Gather as many as you can right now
You want a war
You got it
won't even touch you
He went home early



es
he received
a phone call
and left with
hurry
s it because
of this
Why didn't he
leave it to me
Come to think of it
he seems to solate me
from what he is doing
s it something must not
know

am sorry sir
those cars just
Stay in your seat

Can you be more gentle
don't want to ruin the suit
For taking me to a quiet place
will give you a discount for the money to clean the suit

You bastard -
There you go you paid the cleaning fee

Looks like you are having fun
I am sorry to make you bored I just think as warming up
You seriously did not think I would send some weak guys after you do you
Well you let them take you here quietly because you were confident in your fighting skill

Secretary Nam
begin

This does not look good
cannot take on this many
Hello

Did you
enjoy the
gift sent

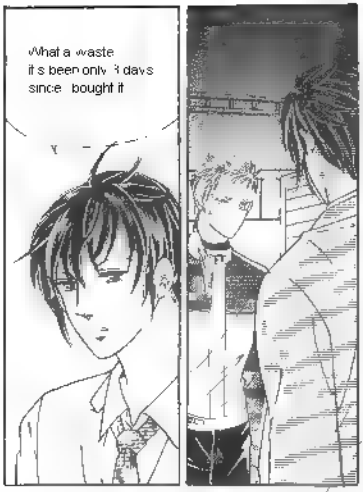
ago

Mr. Nam
your employer
wants to talk
you.
Everyone, stop !

Who told you to stop ?!
Sir it's for you.

Father did tell you to avoid touching the big ones
cannot allow you to touch even his hair
Do you have any idea how much money was spent to get you out of the Chairman Han's daughter incident
If you do that kind of trouble again I will personally finish you first

You do know how
father is like
Unless you want to
get expelled from the
family, do not do it
Han Seo
Han
Damn it !



What a waste
it's been only 3 days
since I bought it

Well no big deal
then
I cannot ask to
pay the bill to a
friend can
Don't you think so
The last son of
the family Han

You !

No, sir !

f you get in my
way will finish
you first
Everyone,
stop him !
This is a direct
order from the
first son !

Get out of my way !
Get out of my way, bastards !
Get out of my way !
Get out of my way !

OKOKOK

JS
하하
So, you all want to die, huh ?

Even if you kill us all, we have to stop you
It was a direct order from your brother
All right admit that you've won this round

can't still sleep at all
Be honest if you have good porn let us watch them too
Ih look at your eyes They are bloodshot
As long as my insomnia lasts will present you with handful of gifts
Do you think Sin too is the same class as you
He must be tired from studying

Sir too
can't solve
this math
question
Show it to me

He talked
you are really
kind

end everything
Ah Sir too
would you
mind take this
to the staff
room
Ah no
Give it to me

How are you adopting ' Discuss with me f you have any problems
Just what did you eat to have an aura like yours '
Oh my you've got some hardened muscles here
thought you were soft from all the studying but you've built up your body
f you have any ssues just tell me will always try to help you out

FUCK YOU
$#@! If you weren't a teacher I would have broken your wrist
didn't know nerds use that finger
JS

Hmm if I had this kind of fingers I would have raised a lot
Wow ~ you really have smooth and slim fingers It's almost an art
Hmm

두근
아
Was your finger in a bowl of sugar or something? It tasted sweet
Don't use informal language. I am in a higher grade than you.
My heart is acting abnormal

It s ok
am as old as you
are was supposed
to be a senior f
everything went
as it should have
Besides am
the jjang of this
school
ou speak as f
being a jjang grants
a lot of powers
Of course
it s right next
to being God
Hasn t
Han Seo Jang
told you yet
Huh
Han Seo
skipped
today

ou enjoy your peaceful time while prepare a big surprise for you
hope you will like it

Dude Are you scared of me already Giving me a bribe

Don't prepare something too big A cup of noodle is more than enough for me I've been in a tight budget since Han Seo wouldn't buy me much food

Hey ~
Stop right there
Stop or will hit you to death
Do you know how People would describe what you just did

How frantic you are
!@#$

He blocked
would understand
if it was Han Seo
but a nerd
Wasn't "Expelling in school
violence" the goal of
the week in the school

s it because
the difference in
left and right hand
No it can't be
I won't let you go that easily !
He dodges

He is exceeding
my speed
Hiss

The class is about to begin
If you need someone to play with find someone else
That was really powerful fist haven't experienced such a fist before
Is that really a female ?
So she is not just a puppet gang that Han Seo Jang came up with

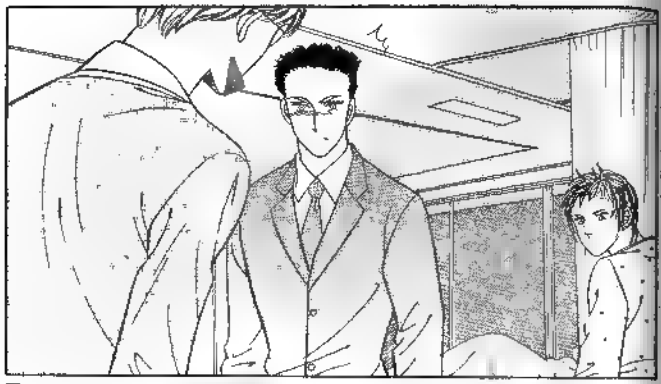
Duel me
Duel me
ou are not bad
Stop
Don't bring up
my memories

am already tired enough
Please let me forget memories related to Aram
will let you be the jjang f you do win So face me
Hey ! Don't you ignore me !

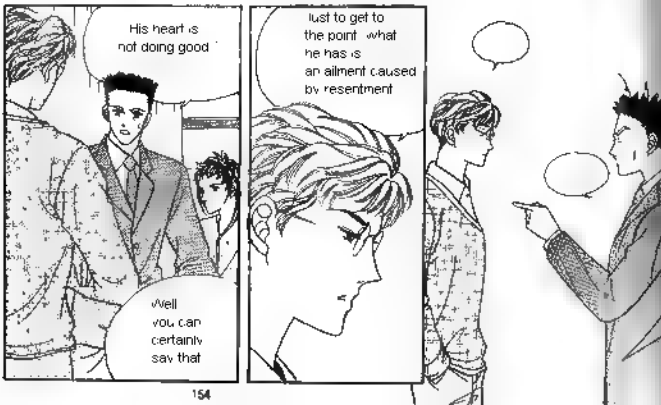
truely loved you.
Aram
I did propose
honestly from
my heart
just once
Would be feeling better
now

Do you still feel stuffy ?

JS
ou haven't eaten anything So it can't be your stomach
$#!@ don't bother me ou brought me here while was asleep
And your face seems to have a fever
leong Hyeop
The docs wants to release him
Are you saying the diagnoses are negative
Well it s not certainly normal But release him anyway
Hospitalization won't cure him



What kind of illness
It may be caused by stress or blood pressure heart disorder nerve disorder



His heart is not doing good
Well you can certainly say that
Just to get to the point what he has is an ailment caused by resentment

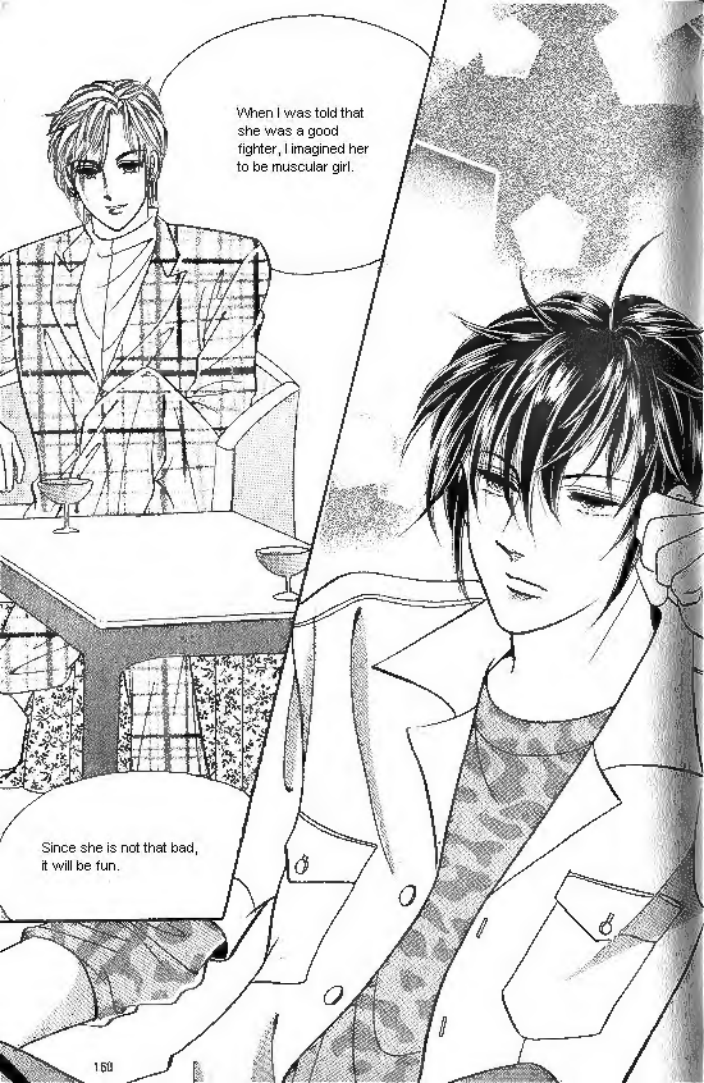
$#@!,
get the release
papers done !
I am leaving !
Nervous
disorder
I've known that
he has some
stuffed up personality
but a nervous disorder
caused by Sin Joo park
Hah
nervous
disorder
at his age

Those bastards

Calm down
Understand that it is your first time facing a formidable opponent but no way you should just try to fight him
He is a very cool-headed man. A hot-headed man like you is no good at attacking him
Besides Sin Joo Park wouldn't just keep daring to fight you head to head
And apparently his target is not you

His target is Ha li
He is going to kill her slowly and gradually
Bastard !
He wants to repeat the same incident again

Not bad
N
Hal



When I was told that she was a good fighter, I imagined her to be muscular girl.
Since she is not that bad, it will be fun.

Anyway, just what did she do to get on Sin Uoo Park's nerve ? Tell me.
Shut your mouth ! We don't know each other.
Okay, got it. I do know you and also am aware that this "friendship" is nothing more than a mere connection.
How far do you want me to go ?
Play her until she can't be played.

Make sure that she will not be able to stand.
Do it perciously !
I am already beginning to have a sympathy for her.

You may be innocent.
You are no longer innocent for a fact that you are a big part of Han Seo Jang's mind !
No - ! I almost judged you to be innocent because of your way of speaking which was similar to Aram's.
Volume 12, end.
